Experience

City Year – August 2025 to present

- Support a 3rd grade classroom of 24 students at an under-served school in Sacramento
- Support 13 focus students in small groups in ELA and math through intensive tutoring
- Support launching City Year at a new school for City Year on a brand new campus; building the foundations for success for the school and for future teams
- Organize and lead school-wide events to improve culture and climate with nearly 100 students attending
- Collaborated with a team to put on events and spirit weeks, create bulletin boards, support student arrival, dismissal, recess, after school programs, and other campus activities

UC Davis LGBTQIA+ Resource Center Volunteer – April 2023 to March 2025

- Work the front desk, making sure people swipe in (an important metric for funding), direct people to center resources, and answering people's questions about the center
- Work events serving hundreds of people
- Help the center staff with miscellaneous tasks

Sierra College Tutor – January 2021 to August 2022

- Tutor computer science and math classes in person and on Zoom 20 hours a week
- Help other tutors with difficult problems
- Occasionally tutor for classes where there weren't any tutors for that class, requiring learning and adapting to unfamiliar things quickly and effectively
- Received CRLA (College Reading & Learning Association) Level 1 certification in tutoring

Education

University of California, Davis

- Bachelors in Computer Science
- Graduated: March 2025

Sierra College

- Associate in Science for Transfer in Mathematics and Associate in Science in Natural Science
- Graduated: May 2022
